# Why Choose Burnett

Successful delivery of your project is our priority. We are proud of our track record and ability to provide value and high-quality services to our clients.

Here's why you can consider working with us:

**Timeliness**

We are committed to providing effective project lead times to meet your requirements.

**Fully Equipped and stocked workshop**

Our workshop has multiple large workbench areas and specialised equipment including a range of sewing, welding and eyelet machines. We carry a large stock of materials including industrial mesh, PVC, Ripstop vinyl, fire retardant & anti-static materials & canvas.  We're able to act quickly to complete and deliver your project on time and on budget.

**Quality Assured - Cost Effective**

Quality materials, workmanship and attention to detail mean you get products that are strong and durable. Wherever possible we choose Australian made materials.  It is this quality and durability that provide cost effectiveness over the long term for your business.

**Consistency**

For those projects and products that require regular production we provide reliable and consistent workmanship, materials and lead times. That's service you can rely on to keep your business running.

**Custom Solutions**

If you have a custom design requirement Burnett are leaders in prototype development. From the very small to large scale solutions we'll find and develop the right answer for your need

# Our People

At Burnett it's our extensive experience and traditional family values that make the difference. Our business has been proudly run by 3 generations over 51 years and is currently managed by Gene Burnett and his wife Kristy. Gene Burnett has worked in the industry for over 18 years and still works alongside his father Jeff Burnett.  Originally founded by Wilfred (Ned) Burnett in 1969 we've grown to provide services to the Mackay community, across Queensland and Australia.

We continue to explore and embrace new technologies and methodologies in order to support our growing client base.

We are a member of the Specialised Textile Association Australia and have won multiple awards for our industry.
